

## **Deer Creek Bridge Re-Opening August 2020**

The bridge over Deer Creek on Will Road has been re-opened.

Two steel plates spanning the approaches on the Will road bridge have been added, allowing safe travel of passenger vehicles and light duty trucks. The weight limit on the bridge has temporarily been reduced to Five ton. The bridge is under contract for replacement the summer of 2021. It is anticipated that the bridge will close around June 15, 2021 for the removal of the current structure and the construction of its replacement. The closure is anticipated to last 60 to 90 working days. Upon completion, the road will return to the previous speed and weight limits. All updates regarding the construction progress will be on the Town of Jefferson's website: [www.townofjefferson.com](http://www.townofjefferson.com).

Questions regarding the Will road status can be directed to the Town Clerk at 920-674-5073 or email at [clerk@townofjefferson.com](mailto:clerk@townofjefferson.com).
